```

The diagram illustrates the relationship between three source files. At the top is a header file, 'elfin\_src/RFSurveyOperation.h', which is shaded gray. Below it are two source files: 'elfin\_src/ReaderOperation.cpp' on the left and 'elfin\_src/RFSurveyOperation.cpp' on the right. Both source files have blue arrows pointing upwards to the header file, indicating that they include or depend on the header file.
